## Hy-Vee Donates Nearly 1 Million Pounds of Food to Food Banks Across the Midwest

Hy-Vee continues its holiday initiative by partnering with suppliers to help local Feeding America-affiliated food banks

**WEST DES MOINES, Iowa (Dec. 14, 2020)** — Hy-Vee, Inc. announced today that it is partnering with dozens of national and regional food manufacturers and suppliers to help provide more than 1 million pounds of food to 17 food banks across its eight-state region for the holiday season.

Hy-Vee collaborated with many of its supplier partners to fill more than 20 truckloads with food and supplies for 17 Feeding America-affiliated food banks across the Midwest. The company received donations of protein, produce, dairy and nonperishable items, as well as monetary donations from 26 leading food manufacturers and suppliers. Hy-Vee also donated more than \$250,000 in food to the effort.

The donations to the food banks are part of Hy-Vee's goodwill initiative over the holidays in 2020, designed to combat food insecurity, especially during the pandemic. Last month, more than 260 Hy-Vee and Dollar Fresh stores donated up to 100 meal kits each to a local nonprofit partner in their community that then distributed the meals to local families in need. Each kit had all the ingredients for a Thanksgiving meal for a family of four. In all, Hy-Vee donated 80,000 meals the week of Thanksgiving.

Now, as part of its ongoing commitment to solving food insecurity, Hy-Vee wants to ensure the food banks that serve its communities are fully stocked this holiday season.

In addition to its continued support of food banks, Hy-Vee held several initiatives this past year to provide food and much needed support throughout its eight-state region. These initiatives included produce giveaways, meat distributions, fundraisers and meal giveaways that totaled more than \$3 million.
